

Further Exploration Additional Activities & Projects For Lower Elementary (K-2)

Writing

Draw a picture of a pet in your life.

A large, empty rectangular box with an orange border, intended for a child to draw a picture of a pet from their life.

Science

Observe an animal in your life and write down three different things that they do.

A rectangular box with an orange border containing three numbered lines for writing. Each line starts with a number followed by a period and a horizontal line: "1. _____", "2. _____", and "3. _____". Below each numbered line are three additional horizontal lines for writing.

Math

Count how many animals you see outside your home for ten minutes.

A large, empty oval shape with an orange border, intended for a child to draw or write during the math activity.

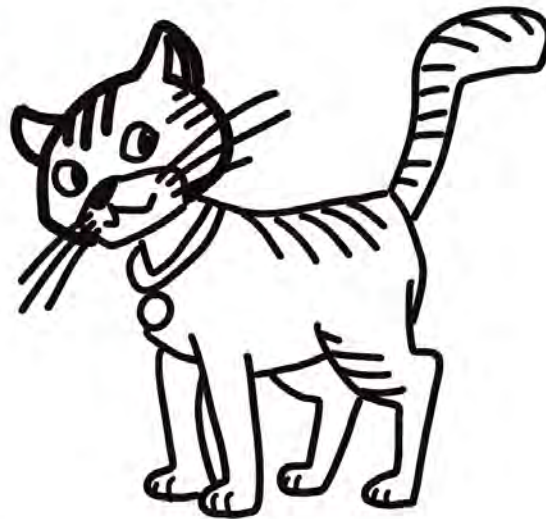

paws.
