

## Further Exploration Additional Activities & Projects For Upper Elementary (3-5)

### Math

What would happen if the kittens each had 12 more kittens (1,728 x12)? If 6,000 kittens found homes how many wouldn't find a home?

	1,728	_____	kittens
X	12 kittens	-	6,000 kittens
_____		_____	
=		=	

### Science

Research the closest animal shelter to you and find out a way that you can help them. Most shelters have a wish list of items they need or things you can do to help animals. Write down how you are going to help the animals.
