Writing

Is it important to make sure all pets have a home? Why?

Science

Veterinarians go to vet school for four years to learn all about helping animals. Write or draw what you think they learn about in those four years.

Math

Dr. Liz needs your help to figure out how much time she will need in order to take care of all the animals at the shelter today.

Today there are **two dogs** and **three cats** that need to be visited by Dr. Liz.

How many animals does Dr. Liz need to take care of today?

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

The **dog visits** took 12 minutes and 15 minutes. How much time did Dr. Liz spend with the two dogs?

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

The **cat visits** took 10 minutes, 11 minutes, and 10 minutes. How much time did Dr. Liz spend with the three cats?

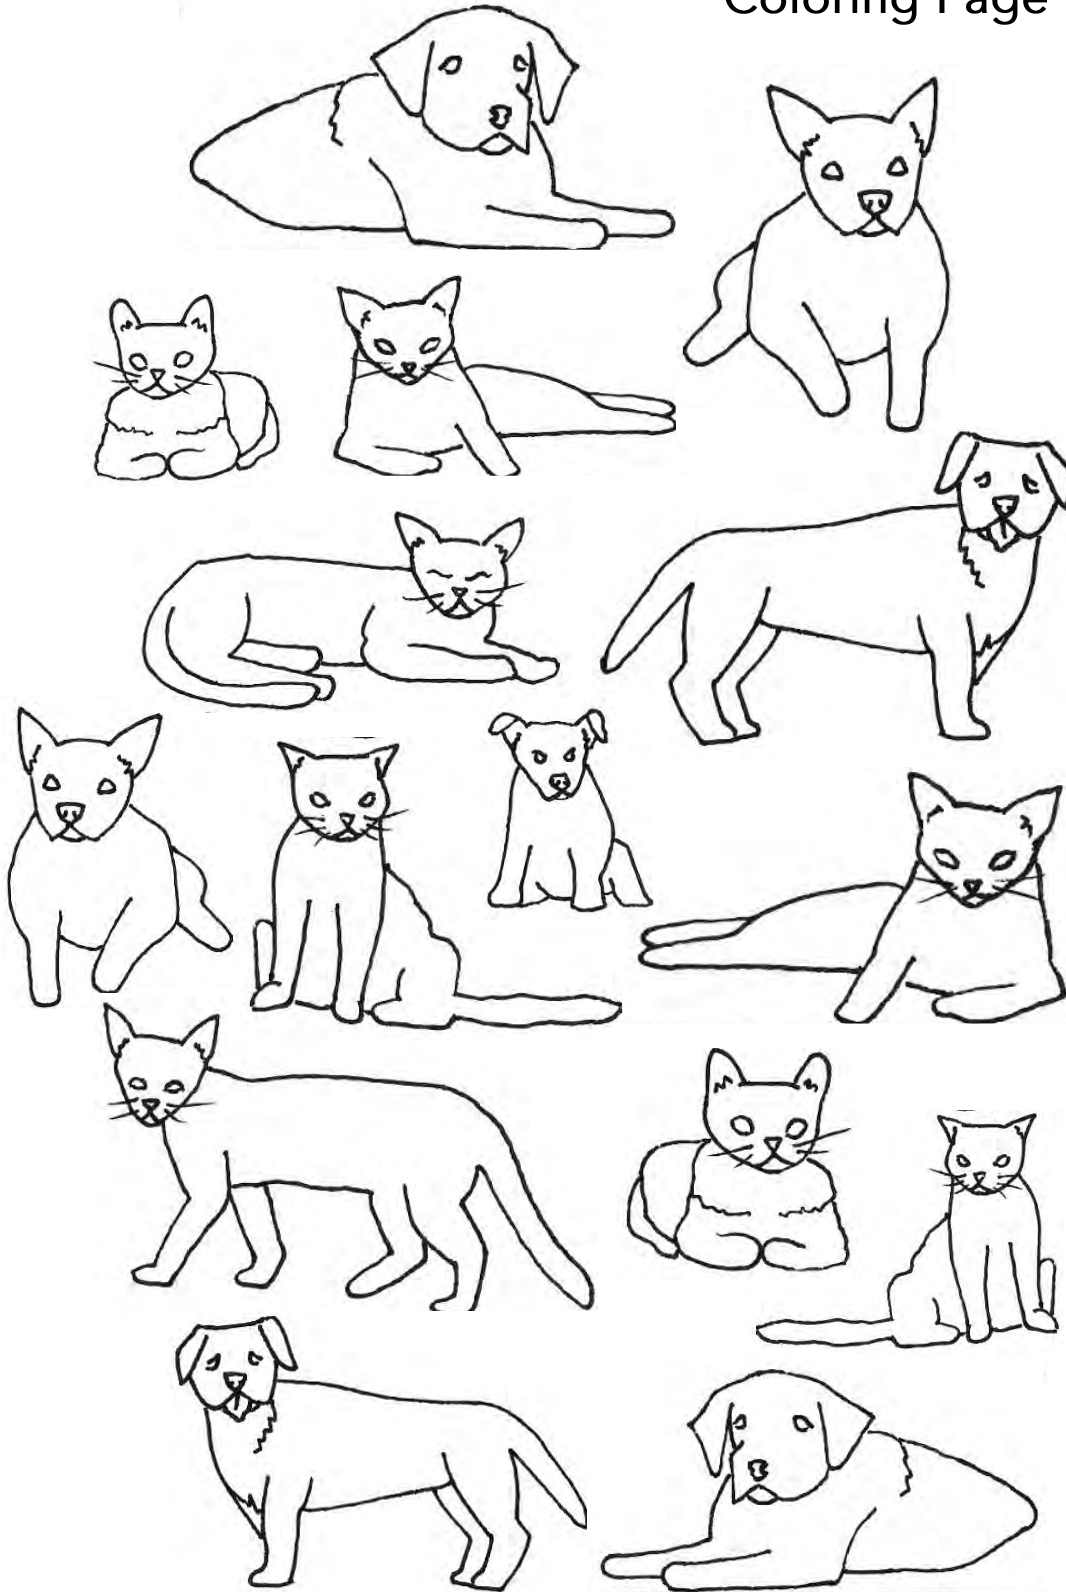

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

How much time did Dr. Liz spend with all the animals today?

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$
